

Victoria Cat Rescue Corps Society

An incorporated society dedicated to the alleviation of suffering of cats and all animals

Thank you for considering giving one of our cats a permanent loving home! Our focus is helping cats who are homeless. Many of our cats come from situations where they have had to struggle to survive. The purpose of our adoption process is to ensure your home is the perfect match for you and the cat. During the home visit, we will both have the opportunity to ask questions to ensure that this is a successful match. We appreciate your understanding that this is an important process and we are devoted to finding lifelong loving homes for our cats. We are a volunteer organization and will work as quickly as we can to complete your review. It may take one to two weeks to complete the process.
